MySQL, MongoDB
Git, GitHub
REST APIs, npm

Proficiency in English,
Problem-Solving ability,
Effective Communication,
Teamwork, Attention to Detail

PROJECTS

Survey Form

- Designed a responsive survey form using HTML and CSS to collect user feedback.

Product Landing Page

- Created a visually appealing landing page using HTML and CSS, showcasing product features and testimonials.

Technical Documentation Page

- Developed a structured documentation page using HTML and CSS with navigation functionality.

Tribute Page

- Built a tribute page with HTML and CSS, including imagery and text content.

Random Quote Generator

- Implemented a web app that fetches and displays random quotes from an API using HTML, CSS, JavaScript, and Node.js.

Spotify Clone

- Built a Spotify-inspired music player using React.js and TailwindCSS with a responsive and modern UI.
- Implemented playback controls (play, pause, track switching) and an interactive seekbar for real-time progress tracking.
- Included preloaded playlists and songs to simulate a streaming experience and demonstrate user engagement features.

Portfolio Page

- Developed a personal portfolio website using React.js and CSS, featuring a clean and responsive design.
- Showcased projects, skills, and experience with a dedicated contact form for direct communication.

Simple Blog (MySQL)

- Developed a blog application using EJS, Express.js, Node.js, and MySQL for dynamic content management.

Simple Blog (MongoDB)

- Developed a blog application using EJS, Express.js, Node.js, and MongoDB for dynamic content management.

CERTIFICATION

freeCodeCamp

Responsive Web Design Certification
