HTML, CSS, Bootstrap CSS, JavaScript, EJS, Responsive Web Design, React.js	Node.js, Express.js MySQL, MongoDB Git, GitHub REST APIs, npm	Proficiency in English, Problem-Solving ability, Effective Communication, Teamwork, Attention to Detail

---

PROJECTS

Portfolio Page
- Developed a personal portfolio website using React.js and CSS, featuring a clean and responsive design.
- Showcased projects, skills, and experience with a dedicated contact form for direct communication.

Spotify Clone
- Built a Spotify-inspired music player using React.js and TailwindCSS with a responsive and modern UI.
- Implemented playback controls (play, pause, track switching) and an interactive seekbar for real-time progress tracking.
- Included preloaded playlists and songs to simulate a streaming experience and demonstrate user engagement features.

Tic-Tac-Toe Game
- Built a tic-tac-toe game with HTML, CSS and JS, with a clean and responsive interface. It features interactive gameplay, smooth turn-based functionality, and instant win detection, making it a fun project that highlights fundamental game logic and user interaction.

Random Quote Generator
- Implemented a web app that fetches and displays random quotes using HTML, CSS, JavaScript, and Node.js.

QR-Code Page

- This is a solution to the QR code component challenge on Frontend Mentor.

Technical Documentation Page

- Developed a structured documentation page using HTML and CSS with navigation functionality amd responsiveness.

Simple Blog (**MySQL**)

- Developed a blog application using EJS, Express.js, Node.js, and MySQL for dynamic content management.

Simple Blog (**MongoDB**)

- Developed a blog application using EJS, Express.js, Node.js, and MongoDB for dynamic content management.

CERTIFICATION

freeCodeCamp

Responsive Web Design Certification

EDUCATION

Obafemi Awolowo University

Bsc. Electronic and Electrical Engineering (In-view)
